

## MUSTC222 / Week Two Homework

Read *Recording Tips for Engineers* Chapter 3 (The Drums Setup). Answer the following questions based on the reading:

1. Why would an engineer build a kick drum tunnel?
2. List three techniques that can be used to get a better drums sound that has nothing to do with mics or recording equipment.
3. If you want to capture the ambience of the room, what type of microphone will probably work best?

Your response must be submitted online using Ohsi ([www.revolvercreative.com/ohsi](http://www.revolvercreative.com/ohsi)) before the beginning of class, Week 2.
